

FPI Manuel d'installation (v.02/02)

1) Définition

Le FPI est un convertisseur RS232/RS485. Il permet la communication entre un réseau de ventilateurs TACn2 et un PC, en direct ou via modem.

2) Schéma de raccordement

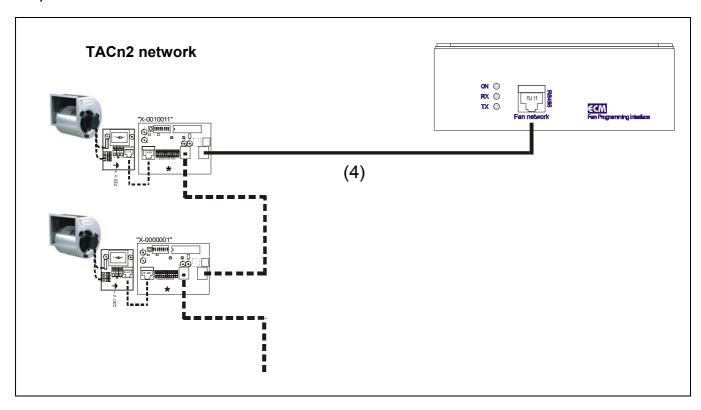

a) Raccordement au PC

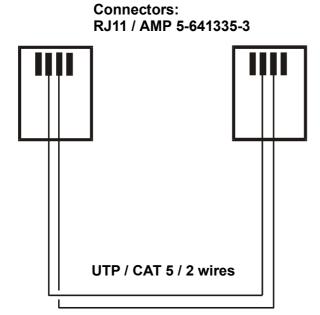

- (1) Câble livré avec le FPI.

 Serial printercable, crossed, null modem, shielded D-Sub 9F D-Sub 9F.
- (2) Câble livré avec le modem.
- (3) Câble d'alimentation livré avec le FPI.

b) Raccordement au réseau N2

(4) Câble de communication TACn2 : UTP / catégorie 5 / 2 fils + connecteurs RJ11 (AMP 5-641335-3).

3) Données techniques

Température ambiante: -5°C / 50°C.

Classe d'isolation mécanique: IP 21.

Vitesse de communication: 1200 bps.

Conformité: approuvé **C€**.

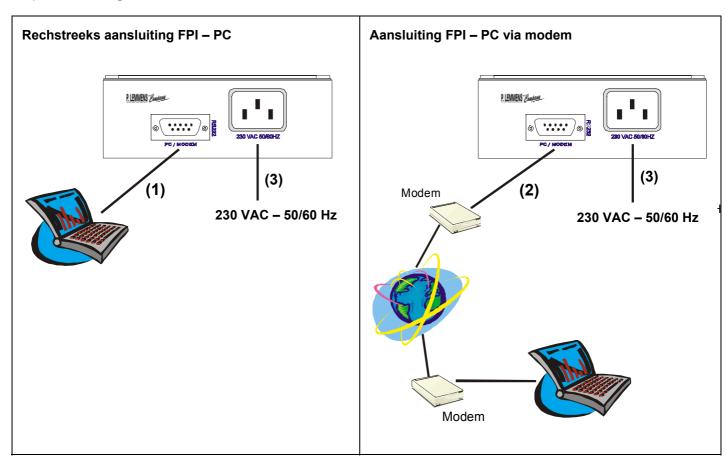

FPI Installatie-handleiding (02/02)

1) Beschrijving

De FPI is een RS232/RS485 converter. Hij laat toe de communicatie tussen een TACn2 ventilatoren netwerk en een PC, rechtstreeks of via modem.

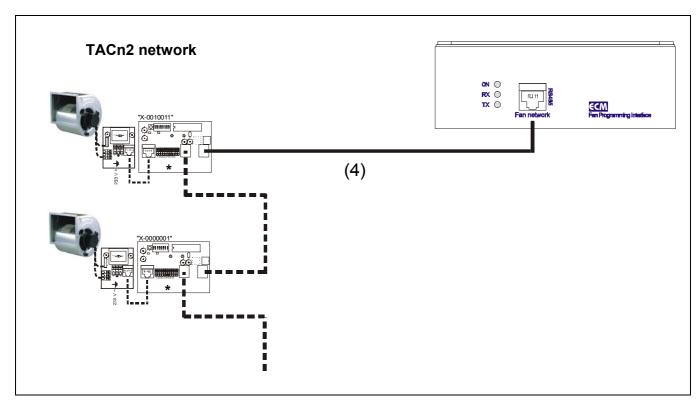

2) Aansluitsschema

a) Aansluiting aan PC

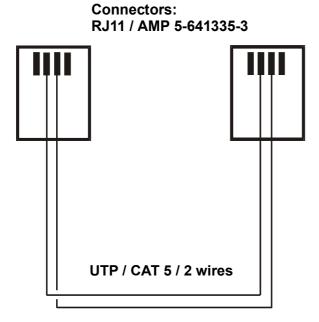

- (1) Kabel geleverd met de FPI. Serial printercable, crossed, null modem, shielded D-Sub 9F – D-Sub 9F.
- (2) Kabel geleverd met de modem.
- (3) Voedingskabel geleverd met de FPI.

b) Aansluiting aan N2 netwerk

(4) TACn2 communicatie kabel: UTP / categorie 5 / 2 draden + RJ11 connectors (AMP 5-641335-3).

3) Technische gegevens

Omgevingstemperatuur: -5°C / 50°C.

Mechanische isolatieklasse: IP 21.

Communicatie snelheid: 1200 bps.

Gelijkvormigheid: goedgekeurd €€.

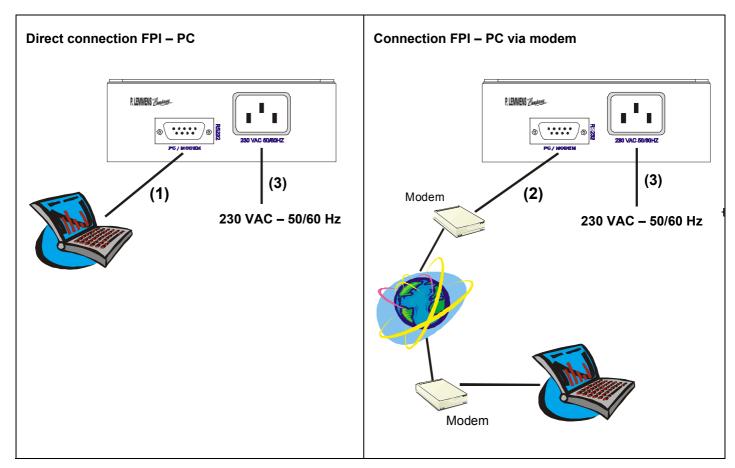

FPI Installation manual (v.02/02)

1) Scope

The FPI is a RS232/RS485 interface. It enables the communication between an TACn2 fans network and a PC, via a direct connection or via modem.

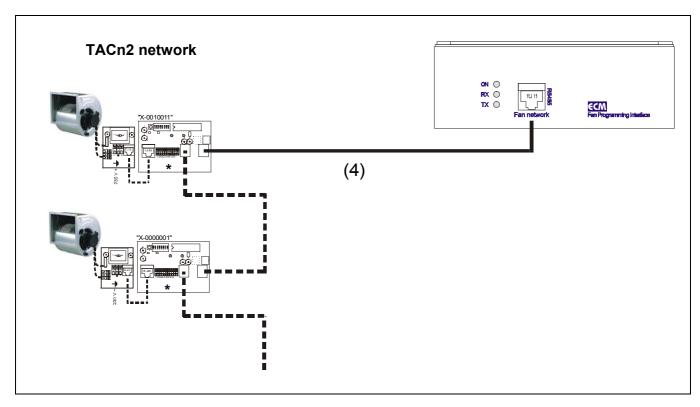

2) Wiring diagram

a) Wiring to PC

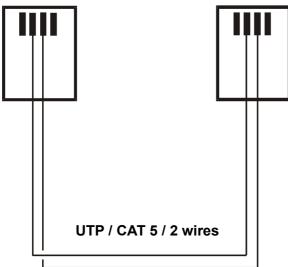

- (1) Cable delivered with the FPI.. Serial printercable, crossed, null modem, shielded D-Sub 9F – D-Sub 9F.
- (2) Cable delivered with the modem.
- (3) Power supply cable delivered with the FPI.

b) Wiring to N2 network

(4) TACn2 communication cable: UTP / category 5 / 2 wires + RJ11 connectors (AMP 5-641335-3).

3) Technical data

Ambiant temperature: -5°C / 50°C.

Mechanical insulation class: IP 21.

Communication speed: 1200 bps.

Compliance: C€ approved.
